

MATHEW SAHYOUN

Architectural 3D Artist

Architectural visualization and real-time rendering

Beirut, Lebanon | +961 79 175 682 | sahyounmathew@gmail.com | [Portfolio](#)
U.S. citizen with U.S. work authorization | Open to remote work and relocation

PROFILE

Architectural visualization specialist with 5+ years of experience and a master's degree in architecture. Develops residential, commercial and event visuals from plans and elevations through modeling, materials, lighting and composition to photorealistic stills, animation and 360° presentations.

PROFESSIONAL EXPERIENCE

Architectural Visualization and Design

Freelance | International clients | 2020 - Present

- Translate architectural plans and elevations into detailed 3D models for residential and commercial interiors and exteriors.
- Develop materials, lighting and camera views; produce photorealistic renderings, architectural animations and immersive presentations.
- Refine visual proposals through client feedback and revisions, from initial spatial studies to final presentation images.
- Create gym layouts, equipment models and showroom visuals, including projects involving Pallini, Gorila Fitness and HYROX since 2021.

3D Artist and Event Designer

BLINK EXPERIENCE | Beirut and Saudi Arabia | 2022 - 2026

- Designed event spaces, exhibition stands and branded environments, translating concepts into spatial layouts and 3D visuals.
- Prepared client presentations and revised designs with project teams to communicate scale, circulation and atmosphere.
- Contributed to planning large events through detailed spatial proposals and visualization.

TECHNICAL SKILLS

Modeling and drawings: SketchUp, AutoCAD

Real-time rendering: D5 Render, Enscape, Lumion

Post-production: Adobe Photoshop, Adobe Premiere Pro
